Life @ Kimberly-Clark

1. A Purpose as Passionate as YOU

Our work is rooted in our purpose- **Better Care for a Better World**. We are dedicated to improving lives of one billion people in underserved communities around the world.

3. Transform your Career

You'll drive innovation and growth, building on our 150+ years of market leadership, working on our legendary brands, including Huggies®, Kleenex®, Cottonelle®, Scott®, Kotex®, Poise®, Depend®, Kimberly-Clark Professional® and many more.

2. Experience a Culture of Caring

You'll experience a truly caring culture. We focus on creating an inclusive and supportive work environment for all to thrive in. We integrate inclusion into everything that we do, using our strength to combat inequities for our people.

4. Growth and Development Opportunities

You will get ample opportunities to develop new skills and expand your capabilities. You will get exposure to networking opportunities, mentoring programs and various employee resource groups.

Led By Purpose. Driven By You.

Supply Chain Opportunities:

Our program provides hands-on experience in real supply chain projects, including process improvements, optimization and warehouse operations analysis.

You will be a key contributor to Kimberly-Clark's strategic business goals, with individual responsibilities and accountabilities.

You will receive performance evaluations and constructive feedback to help you identify your strengths and areas for improvement.

Program Highlights:

- Partner with vendors to manage order and delivery of raw materials
- Manage inbound and outbound flow within a manufacturing setting
- Get exposure to warehouse management systems
- Support distribution initiatives
- Collaborate with carriers for materials delivery

Where to Start:

If you have:

- Strong analytical skills
- Effective communication and interpersonal skills
- Ability to work individually and in teams
- Ability to handle challenges

Visit our careers website: www.careersatkc.com to submit your application for consideration.
